

Isaiah Zagar Commissioned Work

Isaiah Zagar is available for commissioned work in both indoor and outdoor spaces with a mosaic mural made specifically for the projected site. Zagar will come up with a proposal for the space and once the proposal is approved, he will work privately in his Philadelphia studio on individual panels that will eventually be hung together to create the finished piece. The work's progression will be documented for approval throughout the entire process and when the piece is completed, it will be shipped to the site and Zagar, along with two assistants, will oversee installation.

Zagar is also capable of traveling and working from start to finish directly onto the site wall with one or two assistants over the course of a few days.

Pricing for either type of commission depends on site size, shipment, materials, and travel expenses, which will be discussed directly with Zagar. A tax-deductible donation to Philadelphia's Magic Gardens, a 501(c)3 organization, is also requested.

Serious inquiries must first send a proposal to info@phillymagicgardens.org, and will then be contacted by Isaiah Zagar as he can provide more extensive information about requirements and fees.
